# FT-25 Portable Fuel Transfer

Featuring **nextec™**  
INTELLIGENCE  
by  
**FILL-RITE.**

Purpose-built cart featuring FILL-RITE's continuous-duty 12v/24v pump with nextec™ technology for use in transferring gasoline, diesel fuel blends, and kerosene when portability and flexibility are important.

nextec Intelligence™ is an exclusive array of design advancements, technologies and user functionalities that take pump performance to unprecedented levels. Intelligent Tones™ inform when attention is needed. A variable speed motor automatically adjusts for peak performance with improved suction lift. More compact, lighter and less amp draw - it sets a new standard for efficiency.

12/24V  
system  
shown

## STANDARD PACKAGE

- Pump capable of 25 GPM fuel transfer (UL listed and includes a 2-year limited warranty)
- 20', 12 volt power cord
- Automatic shut-off diesel nozzle
- Cam-and-groove fittings on hose ends to allow for quick fitting change-out
- 10 micron water absorbing filter
- 25' suction and 18' discharge hoses
- Aluminum suction fitting
- Cart with suction wand holster, storage compartment, hose and cable wrap hooks, and battery compartment

*Intended for use in emergency or temporary applications where fuel transfer is required.  
For use on tanks with adequate pressure and vacuum venting only.*

## PUMP FEATURES & BENEFITS

- Continuous duty for fuel transfer
- 25 gpm / 95 lpm
- 12 to 24V DC
- Compatible with diesel, gasoline, biodiesel up to B20, E15, kerosene, mineral spirits
- Intelligent tones - indicate where attention is needed
- Lower amp draw - save battery power and pump life
- Lighter - great for mobile tanks, even aluminum
- Auto power down - after 20 minutes of inactivity
- Magnetic switch - smooth and field replaceable
- Removable power cord - convenient and safe
- Improved suction lift - variable speed motor adjusts to load
- UL, cUL, CE, Atex, IEC Listed

## Options

- 115/230 volt power
- Battery, weather-resistant battery box and heavy duty clamps
- 2-, 10-, or 30- micron spin-on filter
- In-line meter installed on nozzle
- Various suction and discharge fittings available
